## From Mayor Marc Bondy

Hello residents of LaSalle,

### Miracle Day June 27<sup>th</sup>

I am so very proud of the Town of LaSalle for stepping up in such a big way. From the organizers, volunteers, drivers and everyone who donated, thank you. You stepped up to the plate to help those in need. A special thanks to our LaSalle team co-captains Councillor Sue Desjarlais and Nancy Campana. Well done team LaSalle!

Mayor Marc Bondy (L), Rebecca Jokiel (C), and Andre Jokiel (R)  
at LaSalle's Westport Marina

### COVID-19

Stage 2! We are doing our part continuing to follow the Windsor-Essex County Health Unit guidelines. Case counts in LaSalle continue to be low. We know it has not been easy and yet we must continue with our vigilance so we can move progressively and safely to our next stage. Let's help support our local businesses as much as possible. Know that as your Mayor, I am communicating and working diligently with all levels of government, municipal leaders and health organizations to keep Windsor-Essex County safe.

### Flooding

Hoping we can get through this year without any major flooding issues. If we should encounter high water levels, please stay away from all affected areas. The boat ramp has been elevated and is now open with seasonal and daily passes available for purchase on site.

### Vollmer Centre

The Vollmer centre remains closed and the pool area is going through some significant upgrades to the HVAC unit and other maintenance work is being completed. The completion date is on schedule for September 8.

### Monday's with the Mayor

Monday's with the Mayor will resume in the near future. I look forward to meeting with you and discussing your questions and concerns. Although I understand social media is a great communication tool, if you have any issues you would like addressed, I ask that you contact me at [mbondy@lasalle.ca](mailto:mbondy@lasalle.ca), 519-969-7770 ext. 1391 (work), 519-734-8029 (home) or come meet me in person.

Happy Canada Day LaSalle!

Thank you and stay safe,

Mayor Marc Bondy
