

A MESSAGE FROM

Mayor Marc Bondy

March 12, 2021

Hello residents of LaSalle,

What a beautiful week this has been! I hope that you have had the opportunity to get outside and enjoy the spring weather.

Remember to move your clocks ahead one hour at bedtime on March 13 as Daylight Savings Time begins. This is also a great time to test and change the batteries in your smoke and carbon monoxide detectors.

Municipal Facilities

LaSalle Town Hall is open to the public for town business only. Access into the building is limited, and patrons will be screened. Please make an appointment in advance when meeting with Town staff.

The Vollmer Complex is re-opening in phases. On March 15, we welcome back members to the Fitness Centre and to in-person exercise classes. The pool will re-open on March 29. Appointments will need to be booked in advance for all in-person activities. We appreciate your cooperation as we return to activities safely.

LaSalle Boat Ramp

The LaSalle Boat Ramp opens on April 9. Users must have a seasonal pass or purchase a day pass to use the ramp. Passes can be purchased at the ramp using debit or credit only.

Advanced seasonal passes can be purchased starting March 22. They can be purchased online at lasalle.ca/register, over the phone or by appointment. Passes purchased online or by phone will be mailed. To purchase a pass or book an appointment, please call the Vollmer front desk at 519-969-7771, ext. 0.

Regional Community Safety and Well-Being Plan

We need your input for the public survey on the Windsor-Essex Community Safety and Well-Being Plan. Let us know what your community safety and well-being priorities and concerns are by completing the online survey by March 15. A diverse range of voices will be key to this plan's success. Learn more and answer the survey at

www.cswbwindsorsex.ca

Small Coast Project

Be sure to leave your comments and answer the survey on our LaSalle Small Coast Waterfront Project page by March 26. I, along with the members of LaSalle Council, look forward to receiving the report from administration with your thoughts about the project. The project will be done in phases, and we expect that we will be back to the community in a few years for discussion about development of future elements.

Mondays with the Mayor

I will be available on **March 15 between 1:00 pm and 4:30 pm**. Feel free to call me at 519-969-7770, ext. 1233. You can also make an appointment for a different time.

It is nice to see many of our residents receiving the COVID vaccine. My wife, Mary, and I have registered for our vaccines. Let's all do our part and continue to follow the advice of our public health officials, and stay safe.

Marc Bondy
