

WELCOME BACK BON RETOUR

A MESSAGE FROM

Mayor Marc Bondy

July 16, 2021

Hello residents of LaSalle,

We are all happy to be moving into Step 3 of the Province of Ontario's Roadmap to Reopen. The LaSalle Civic Centre remains open to the public. We encourage patrons to make an appointment in advance when meeting with Town personnel.

Reopening of Vollmer Complex

The Vollmer Complex will be reopened in a phased-in approach starting with ice usage. Arena rentals will start on July 26 for our affiliated user groups.

The fitness centre, pool and indoor fitness classes will start the week of August 3. Reservations will be required in advance. The customer service team will be contacting members the week of July 19 to discuss reactivating memberships.

LaSalle Night Market

The Town of LaSalle is looking forward to hosting our first LaSalle Night Market of 2021. The scaled

down version will take place on Sunday, July 25. Take a walk or ride your bike and join us at the LaSalle Civic Centre between 2:00 pm and 8:00 pm. Vendors will feature talented artisans and crafters, farm-to-table local produce, merchant consultants and local businesses with their handmade, homemade and handcrafted products.

Access to this free event will be limited, masks must be worn and there will be an entrance and exit with one way traffic flow. More information will be shared in the coming days.

LaSalle Detroit River Storm Sewer Outfalls

The Town of LaSalle has retained Stantec Consulting Ltd. to complete the preparation of a Stormwater Master Plan (SWMP) reviewing all of the drainage system with a direct connection/discharge point into the Detroit River and the associated Municipal Class Environmental Assessment (EA) Study.

The main objective of the SWMP is to identify opportunities for potential infrastructure enhancements and improvements to protect public and private property from the effects of stormwater flooding while preserving the natural environment.

A virtual Public Information Centre will be held from July 19 to August 9. A recorded video will be posted with an introduction for all three stages, an overview of the identified problems and opportunities, and an overview of the existing conditions in the Study Area. Learn more about the project and join the conversation: www.placespeak.com/LaSalleSWMP
