A Message from Mayor Crystal Meloche

March 15, 2024

Hello residents of LaSalle,

On February 28, the Town accepted three awards at the Festival & Events Ontario (FEO) Conference. Councillor Desjarlais, myself, and also members of administration attended the conference in Niagara Falls.

We are brought to have brought home the following awards, Top 100 festival for the LaSalle Strawberry Festival, Best New Event with a budget of \$100,000 or less for Last Call Before Fall, and to top it off we won Municipality of the Year with a population under 50,000, presented by OLG.

Congratulations to everyone in the Town of LaSalle because we know that it takes employees from all departments to pull off all of these events, so thank you very much.

I hope many of you had a fun March Break and were able to take advantage of some of the program offerings happening in

LaSalle at the Vollmer Centre and Event Centre. As the days grow longer and the temperatures rise, the look and feel of spring is approaching.
