Media Release

Vollmer Complex in LaSalle to Temporarily Close

Based on advice from the Windsor-Essex County Health Unit (WECHU) in response to this area being elevated to the Red-Control level in the Province of Ontario's Keeping Ontario Safe & Open Framework, the Vollmer Culture and Recreation Complex will be temporarily closed until further notice as of Monday, November 30, 2020.

The Town of LaSalle is committed to ensuring the health and safety of our staff and patrons, and under the Red-Control level, there are limitations on recreation services including the number of patrons allowed into the building at one time. Out of an abundance of caution, the complex will be closed to all programs and services.

Town of LaSalle officials will be considering the options for activities at the Vollmer Complex in the coming days, and more information will be shared as decisions are made with respect to programs, rentals and memberships. We appreciate your patience as we continue to make adjustments based on the current COVID-19 conditions in the Windsor-Essex County area, and the public health advice that we receive from the province and the WECHU.

As a reminder, the Culture and Recreation Department continues to offer virtual programming. More information about virtual programs can be found on the Town's website at lasalle.ca/register
