Date Approved: June 13, 2017

Department Responsible: Public Works

Revision Dates: n/a

Review Date: March 2026

Status: Active

1. Policy Statement

- 1.1. The Town of LaSalle receives requests from individuals and groups to purchase benches, trees or bricks in honor of someone to be placed on municipal property. The Town is committed to residents in protecting all parkland and natural heritage features, while providing opportunities for families/organizations to remember those who were important to them. The Memorial Program establishes options for residents for memorials while coordinating the operations of installation and purchase with staff.

2. Scope

- 2.1 While paying tribute to individuals is important and may enhance one's experience in a park or green space, open spaces are extremely important to all users and therefore memorials should take into consideration the primary use of the space
- 2.2 While many donors may wish to install memorials in highly visible locations, it should be recognized that the Town may be required to consider limitations or a moratorium of memorial installations in a particular location or alter the product available. Specific locations for memorial benches, trees and bricks will be identified by the Public Works Department and noted in the application.
- 2.3 Maintenance should remain a primary concern with view to the future. In all cases, the Town shall have control over the materials used to ensure suitable durability
- 2.4 Once a memorial is installed, it shall become the property of the Town.

- 2.5 No other types of commemoration (i.e. wreaths, flowers, vases, bows, ashes, etc.) are permitted in municipal parks, open space or other natural heritage areas
- 2.6 The Town reserves the right to re-locate a memorial. In the eventuality that such a relocation is deemed necessary, the Town will use its best efforts to contact the donor for consultation prior to the move.
- 2.7 Memorials will not be permitted for any pets or animals
- 2.8 The Town reserves the right to refuse an application in memory of a publicly controversial individual.
