

Dear Property Owner/Tenant:

RE: Project Notification – St Michaels Drain – Town of LaSalle

Tentatively scheduled to start the week of July 22nd 2024, the Town of LaSalle – Public Works division will be undertaking and proceeding with the Repair and Improvement of the **St Michaels Drain**. The work will consist of culvert maintenance, culvert replacements, and brushing and ditching of the open drain. The scheduled work is expected to take 6-8 weeks to complete, weather permitting.

The Contractor for this project is **Murray Mills Excavating & Trucking**, with **Darrell Mills** serving as **Project Manager (phone # 519-312-8893)**. **After hours, calls for urgent issues should be directed to the Town's Public Works Department at 519-969-4143.**

The Town's consultant - Rood Engineering Inc. will complete project management and inspection of the project. Project Manager is Gerard Rood (519-322-1621).

If a construction problem should arise, please contact the Town's Drainage Superintendent, Mr. Brian MacMillan, (Telephone 519-969-7770 x 1270) or bmacmillan@lasalle.ca.

It is stressed that construction sites are inherently dangerous and pose many potential safety hazards. Extreme caution should be exercised by all, especially children.

It is inevitable that construction will cause some inconvenience in your area (driveways may not be accessible for short periods of time, etc.). Every effort will be made to minimize these inconveniences by informing you in advance of any disruptions as the drainage works crosses your property.

Thank you for your co-operation and should you have any questions regarding this notice, please contact the undersigned.

Brian MacMillan
Drainage Superintendent

St Michaels Drain Repair & Improvement Area
