

**HERITAGE ESTATES AND OLIVER FARMS
FLOODING AND PRELIMINARY DESIGN STUDY**

NOTICE OF PUBLIC INFORMATION CENTRE NO. 3

THE STUDY

The Town of LaSalle, through their consultant Stantec Consulting Ltd., has initiated a study to investigate the cause and solutions to basement flooding resulting from rainfall events that occurred in August of 2014 and July of 2015. The study includes preliminary design of the Oliver Farms area, including road reconstruction, new sidewalks, watermain replacement, storm sewer replacement and evaluation of existing street lighting to meet current Town Standards. The study is being undertaken as a Schedule A+ project under the Municipal Class Environmental Assessment.

THE PROCESS

We want to hear from you! Two Public Information Centres (PIC) have been undertaken to solicit feedback from the public on findings of the study and potential solutions. The majority of the feedback received was in support of the Preferred Solution, **which includes the addition of a stormwater wet pond in Heritage Park.** A high level schematic of the pond is shown on the right.

PUBLIC CONSULTATION

A third PIC has been scheduled to allow residents the final opportunity to provide feedback on the proposed pond in Heritage Park and proposed storm system improvements in Oliver Farms. The PIC will present conceptual plans of the proposed pond solution as well as expanded options in lieu of the pond.

Public Information Centre No. 3

Date: Thursday, December 1, 2016

Time: Open House from 4:00 pm to 8:00 pm

Location: Town of LaSalle Civic Centre Lobby (5950 Malden Road)

Your attendance is strongly encouraged, however if you cannot attend, please review and comment on the PIC material which will be made available on the Town website following the PIC. Any parties that wish to provide suggestions or comments about this study at this time should do so, preferably in writing, by contacting the individuals identified below. Comments will be received until January 6, 2017, after which time the study will be finalized.
