

Construction Under Way at LaSalle Landing

Construction of an ice skate trail and water feature is under way at LaSalle Landing on Front Road. LaSalle Council awarded the project to Valente Contracting Inc. in the amount of \$8.8 M at the February 27, 2024 Regular Meeting. The project includes an ice skate trail and water feature, ice plant mechanical equipment building, and a parking lot expansion. The ice skate trail is scheduled to be open in late 2024 and is estimated to be usable between December and February annually.

When the ice is not installed, the concrete surface can be used as a multipurpose trail. The trail is estimated to be approximately 250m in length and could be used for recreational walking, jogging, and

rollerblading and will be accessible for wheelchair use.

"This will be a year round facility for our residents to enjoy. It's going to transform an area of our Town that we haven't focused on in a very long time," says Mayor Crystal Meloche.

Adding to the uniqueness of the LaSalle Landing project, a lit "LaSalle" sign will be installed facing Front Road, near the ice skate trail and water feature. The letters will spell out LaSalle and will be about 2.4 m (8') tall.

Also part of the project is a water feature with ground-orientated water jets for summertime activities, benches to relax, and a garden area. The Rotary Club of

LaSalle-Centennial has pledged \$132,000 in support of the project, and this will be used to enhance the design of the features. The water feature is scheduled to open in the spring of 2025. The Rotary Club recently launched a fundraising campaign to support their initiative.

For more information, visit the project page at:

Second Fire Station Under Construction

Construction is under way for the Town's future second fire station, located at 2160 Front Road. The tender was awarded to Gulf Developments with a bid of \$9 M. It is expected that the second fire station will be open for use in early 2025.

"With the Town's growth, our needs have evolved, and this new fire hall will provide our firefighters with the modern amenities and advanced

equipment necessary to address the challenges of today and tomorrow. It is designed to enhance our response times, reduce risks, and ensure the safety of our firefighters," said Chief Ed Thiessen, Director of Fire Service.

The Three Fire Station Operating Model and Financial Plan was approved by LaSalle Council in March 2022. This model includes the existing headquarters

station on Normandy St., a west station at 2160 Front Road, and an east station on Laurier Parkway in the area of Disputed Road.

The three fire station model is based on moving towards staffing each location with full-time firefighters. The third station is scheduled to be built in 2031 and can be

adjusted if needed based on future growth in LaSalle.

TOWN OF LASALLE EMERGENCY ALERTS

EMERGENCY ALERT TEST

LaSalle alert system test is scheduled for:

FRIDAY, MAY 31, 2024

Register at www.lasallealerts.ca

Emergency Alert Test on May 31

LaSalle Alerts is a mass notification system that enables us to provide you with critical information in times of emergency.

To ensure you are in our system and alerted in the event of a Town emergency, we will be testing the LaSalle Alerts mass notification system on Friday,

May 31.

You can choose how you would like us to contact you: text, cell phone, email, and/or landline. Please note this system is not used for weather warnings.

FREEZIE WITH A FIREFIGHTER

🔧 Tour the fire hall 🔥 Visit with the LaSalle Firefighters 🔧
🔥 Learn about fire safety 🔥

LaSalle
Fire Service

Friday, June 7, 2024
10:00 am to 2:00 pm
1900 Normandy St.

Freezie with a Firefighter on June 7

Are you and your family looking for something fun and free to do on the upcoming PA Day, Friday, June 7? Here's your chance to have a freezie with a firefighter.

The LaSalle Fire Service, at 1900 Normandy Street, is opening its doors to the community from 10:00 am until 2:00 pm.

Stop in to have a freezie with our firefighters, learn about fire safety, and tour the fire hall.

Firefighters will be on hand to talk about summer fire safety, including BBQ safety, home fire escape planning, water and pool safety, smoke and carbon monoxide alarms, and more!
