

# Public Information Centre Town of LaSalle Development Manual

Thursday,  
May 21

4:00 pm to  
6:00 pm

Council Chambers,  
LaSalle Civic Centre,  
5950 Malden Road

The Town of LaSalle is seeking input from the public and development community on the Draft Development Manual.

The Development Manual outlines the processes, requirements, and technical standards for land development within the Town of LaSalle. Its purpose is to support efficient, well-planned, and innovative development while applying trusted and proven design practices.

The Development Manual consists of two volumes:

## Volume I (Planning)

Describes the development processes and planning requirements within the Town.

## Volume II (Engineering)

Outlines the technical standards and servicing requirements.

## Project Resources

Full details of this project are available on the Town of LaSalle website. Please take some time to review the materials.

Visit [www.lasalle.ca/developmentmanual](http://www.lasalle.ca/developmentmanual) or scan the QR code to visit the Development Manual web page.

**Have  
Your  
Say**

## How to Participate

We look forward to hearing your feedback! The public is encouraged to participate in the following ways:

- Review the draft
- Attend the Public Information Centre
- Provide your comments on PlaceSpeak, scan the QR code above

## Questions
