# Love at First Bite

Karen Drouillard, 21, relished one of the perks - an early shot of the juicy fruit - for being a volunteer with the 1998 LaSalle Strawberry Festival, which kicks off tonight and runs through Sunday. The festivities will include carnival rides, music and a variety of other activities, but the focal point will be the big red berries in the delicious forms of pies, short-cakes, and with ice cream.

The Windsor Star - June 5, 1998
