A Message from Mayor Crystal Meloche

September 9, 2025

Hello residents of LaSalle,

We had an exciting announcement on Tuesday, September 9. Minister of Infrastructure, Kinga Surma, and Essex MPP, Anthony Leardi, announced the Ontario government is investing \$22.4M in Town of LaSalle stormwater infrastructure to allow the long term development of approximately 10,000 new homes in the Howard Bouffard area.

This is the largest grant we have received in the Town's history, and it's a huge step forward as we continue to grow. It means we'll have the right infrastructure in place to support our new residents, but even more importantly—our existing residents, while helping us meet provincial housing goals in a responsible and sustainable way. This will help us build a stronger, more vibrant LaSalle for generations to come.

On September 5 and 6, we hosted LaSalle's Last Call Before Fall at

the Event Centre at LaSalle Landing, and once again it was a huge success. Saturday was sold out, and there was such great energy all weekend. I want to thank our staff, who always put it a ton of hard work for these events. We also thank our vendors, and the volunteers who make these events possible. Thank you to our community for coming out and supporting our events.
