A Message from Mayor Crystal Meloche

June 26, 2026

Hello residents of LaSalle,

It was another busy week in LaSalle, highlighted by the 38th annual LaSalle Strawberry Festival. While the weather did not cooperate this weekend, more than 22,000 visitors still attended the festival, creating fun lasting memories with family and friends. We enjoyed delicious food, carnival rides, live entertainment, and a spirited Strawberry eating contest. Thank you to our volunteers, sponsors, emergency service personnel, vendors, entertainers, and especially our Town staff who worked hard to ensure that the festival was a success, despite the less-than-ideal weather.

Canada Day Celebration

Building off last year, I am excited to invite residents to our second annual Canada Day celebration at the Event Centre at LaSalle Landing on Wednesday, July 1, from 5:00 pm to 11:00 pm. The evening will feature family-friendly activities including face-painting, games, food trucks, live music, busker-style entertainment and a lively lumberjack show. Residents can stroll the loop, cool off at the rotary circle and cap off the evening with a spectacular drone show at 10:00 pm. I hope to see many of our residents

join us as we celebrate our community and country. Residents should also note that municipal offices and the Vollmer Centre will be closed on Canada Day. For more information, visit www.lasalle.ca/canadaday

Transit Master Plan and Vollmer Centre Expansion

There is still time for residents to provide feedback on a future expansion of the Vollmer Centre and Round 2 of the Transit Master Plan. I encourage everyone to visit the Town website and PlaceSpeak to complete the surveys and share their thoughts. The Transit Survey will close on Tuesday, June 30, and the Vollmer Centre survey feedback will be received until Monday, July 6. Your input helps shape the future of our community, so we want to hear from as many as you as possible. Town administration will also be available at the LaSalle Night Market on Sunday, June 28, from 4:00 pm to 8:00 pm to answer questions on both community initiatives.
