

Mayor's Message

A Message from Mayor Crystal Meloche

June 30, 2023

Hello residents of LaSalle,

The Town is proud to have hosted the Tourism Windsor Essex Pelee Island (TWEPI) Annual General Meeting this month at our Event Centre. Check out the TWEPI website and social media for fun events happening across our region all summer long.

I represented the Town of LaSalle in the Mayors Haggis Hurl at the recent Highland Games in Kingsville. Every municipality was represented by their Mayor and it was a fun community event. I didn't bring home bragging rights this year, but I represented our Town proudly. Congratulations to the Town of Kingsville on a successful festival.

Historical Interactive Timeline

A new and exciting project has been launched by the Town of LaSalle that celebrates our history. We encourage you to visit www.livinglasalle.ca for an interactive timeline of the Town's history through newspaper articles, photos, and maps. The

site includes historical milestones dating back to our early settlers through to current events to create an archive of our rich history. Residents are encouraged to contribute to the timeline by submitting a story within the timeline web page.

Outdoor Pool at LaSalle Landing

The outdoor pool at LaSalle Landing (Front Rd. at Laurier Dr.) opens Sunday, July 2 for the season. Free recreational swimming is offered daily from 2:00 pm to 4:00 pm thanks to sponsorship by Pathway to Potential. Registration is recommended. Visit www.lasalleactive.ca

Free Recreational Programs!

The Town is offering free 1-hour Parks Power Hour sessions sponsored by Essex Powerlines this summer. This programming will take place in July and August at the Vollmer Pavilion (next to the playground/splash pad) on Tuesdays and Thursdays. Children ages 6 to 12 can take part in games, sports, crafts, and special

guest appearances. Registration is required. Visit our website www.lasalleactive.ca

Stage 2 Detroit River Storm Outfalls Stormwater Master Plan

Stage 2 of this plan includes catchments serviced by the Marentette Drain. The objective is to identify potential infrastructure improvements to protect properties from flooding. Visit the Get Involved page on our website by Thursday, July 20 to read the plans and provide your input.
